JENNIFER'S MOSAICS™ HAND TOOLS

Tile/Scorer Breaker

Two-in-one tool: a cutter and breaker to score and snap ceramic or glass tile up to 6" square and 3/8" thick.
493

Tile Nippers

Quickly nip glass and ceramic tile into shapes. Tungsten carbide nippers stay sharp.
492J

Wheeled Glass Nippers

A great time saver for nipping glass and glass tile. Fits comfortably in the palm of your hand.
491J

Premium Tile Nipper

5/8" jaws with carbide tips. Unique handle design with plastic grip for added comfort. Center spring returns jaws to open position.
492P

DID YOU KNOW?

There are many techniques for nipping glass and ceramics. Did you also know that Diamond Tech Crafts has **FREE** guides to keep you up to date with all the best techniques for your crafting needs? Just visit the "HOW-TO" section in the **CREATIVE CORNER** at DIAMONTECHCRAFTS.COM

STUDIO PRO™ HAND TOOLS

Designed for comfort, durability and performance, these tools will quickly become your favorite. All hand tools are backed by a **LIFETIME GUARANTEE** and are the only hand tools you will ever need!

1" Running Pliers

Separate your glass with ease.
600

Lightweight Running Pliers

Economical runs score with ease. Extra tips included.
600LW

3/8" Breaker-Grozer

Nibble glass away from edges
601

1/2" Breaking Pliers

Nibble glass away from edges
601B

10" Scythe Stone

Smooth sharp or rough edges of glass for easier foiling.
676

Lead Nippers
Assures a clean cut without crushing soft lead came.
603

Shears
Precisely cut paper patterns for better fitting projects.
605 -Lead Shears
604 -Foil Shears

Lead Vise
Stretch your came with this "sure grip" lead vise with quick release lever.
606

Pistol Grip Glass Cutter
Easy to hold and reduces wrist fatigue.
653

Steel Wheel Glass Cutter
For those who prefer cutting without oil.
664

Brass Pencil Grip Glass Cutter
Self-lubricating cutter offers more control over the score.
654

Acrylic Pencil Grip Glass Cutter
Lightweight, self lubricating cutter.
655

Fid Twin Pack
Burnishes foil for a smooth surface.
665

Hobby 100™ Soldering Iron
Heats up to 1000°. Use with temperature controlling devices.
679H

Special Edition
Includes stand and 3/8" tip.

650°	Lead Came
750°	Copper Foil

INCLUDES STAND!
(679HST)

Soldering Iron Stand

Has a heavy coiled wire cage designed to hold all major irons
602

ACCESSORIES

Glass Cutter Replacement Head
Fits all Studio Pro™ glass cutters including the Circle/Strip Cutter.
656

Nipper Spring
Replacement spring for the tile and wheeled glass nipper.
491SPRING

Replacement Wheels
For wheeled glass nippers (491J). Two wheels.
491WHEELS

Horseshoe Nails
Nails can be used to secure lead or glass while assembling projects. 100 nails.
691NAILS

Hobby 100 Soldering Iron Stand
For use with the Hobby 100™ soldering iron.
679HST

Studio Pro™ Tool Caddy

Made with high-density ABS plastics, this tool caddy has deep compartments to safely house tools, supplies and loose parts. Comfort grip handles for easy transport.

856050

Running Pliers Replacement Tips

Clear rubber tips for the 1" Running Pliers (600). Allows center mark to be seen while holding glass. One pair.
600TIPS

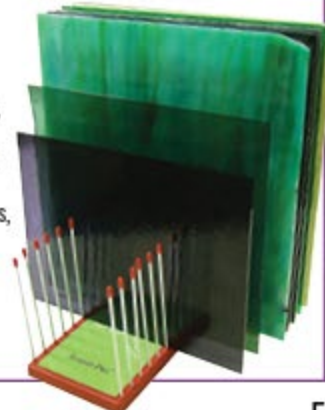

Heat Resistant Work Surface

12" X 12" Work surface is perfect for cutting and assembling projects.
692

The Organizer

Place assembled Organizer on a solid even surface and slide glass, scrapbook papers, magazines and more between slots. Each slot should safely hold two 12" x 12" sheets of glass, 15 slots.
721

BAND SAWS

Diamond Laser™ 3000-XL

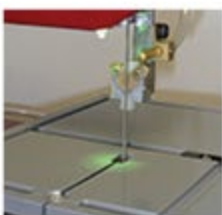

The DL3000-XL is the most operator friendly band saw on the market today. The DL3000-XL's durable recirculating water pump with "Ultra-Plus" filtration system keeps your machine running clean. The built-in target light shines directly on your work to eliminate annoying shadows. All these features plus more come perfectly sized to fit in any workshop or home studio!

Features:

- Powerful motor cuts 2-3 X faster than other saws!
- Two diamond-coated blades - a \$140 value!
- Durable recirculating water pump with "Ultra-Plus" filtration system eliminates messy bottle reservoir.
- Built-in target light shines directly on work.
- Large work table for support of large pieces.
- Stack 3 pieces of glass for time saving cuts.
- Quiet, variable speed motor.
- Easy blade installation, tracking and tension.
- Built-in handy electrical cord storage.
- 3 year warranty with toll-free tech support.
- Optional wood & metal blades available.

25B - Standard 110 Volt

26 - 230 Volt

Built-in target light shines directly on your work.

Durable recirculating water pump with "Ultra-Plus" filtration system.

Diamond Laser™ 5000

A real workhorse, the DL5000 is ideal for use by the glass and mosaic professional as well as the modern-day fabricator. This top of the line band saw cuts intricate shapes in tile, stone, porcelain and glass up to 12" wide and 3" high. Cuts 24" circles, "S" curves in fused glass, tile, stone and porcelain. Powerful 1/2 HP variable speed motor makes easy work of even the thickest cutting materials. The recirculating water pump keeps a steady flow of water at the cutting point and the ample 15" x 13" cutting table provides stability for larger size materials.

Features:

- Cut glass, tile, stone and porcelain up to 3/4" thick.
- 12.5" throat for deep diagonal cuts.
- Large cutting table with miter guide for precision angle cutting.
- 1/2 HP variable speed motor for more controlled cutting.
- Recirculating water pump with removable water tray keeps saw running clean.
- Rugged and portable for transport and on site use.
- Toll-free tech support.

Glass Saw Model

Includes features above, plus 2 diamond-coated blades (140-170 grit) & 3 yr warranty (excludes blades)

63GA - Standard 110 Volt

77GA - 230 Volt

Tile Saw Model

Includes features above, plus one diamond-coated tile blade (100-200 grit) & 1 yr warranty (excludes blades)

63TA - Standard 110 Volt

77TA - 230 Volt

Diamond Laser™ 7000

Designed for the studio or shop setting, this wet band saw makes precision cuts through slab glass, dalles, marble, granite, tile, cast glass, and fused glass with ease. The DL7000 is an excellent time saver for anyone working in multi-mediums. Easy-to-use features get you cutting quickly and the large two wheel design creates a 13" throat to accommodate material up to 2' wide. There's no other saw on the market today like the Diamond Laser 7000!

Features:

- Slices through slab glass, dalles, cast glass, fused glass, marble, stone and tile up to 1 1/2" thick.
- Completes custom jobs faster with a 3/4 HP motor.
- Heavy-duty industrial design provides durability for production use.
- Large 13" throat depth allows for deep diagonal cuts.
- Recirculating water pump keeps blade well-lubricated, extending the life of the blade.
- Toll-free tech support.

Glass Saw Model

Includes features above, plus 2 diamond-coated blades (140-170 grit) & a 3 yr warranty (excludes blades)

700G - Standard 110 Volt

700VG - 220 Volt

Tile Saw Model

For making intricate cuts in marble, granite, ceramic, travertine and porcelain. Includes features above, plus one diamond-coated 1/4" tile blade (100-200 grit) and 1 yr warranty (excludes blades)

700 - Standard 110 Volt

700V - 230 Volt

Optional glass and tile blades available, see next page

2 BLADES
A \$100
VALUE!**

Studio Pro™ Precision 2000 Band Saw

The ULTIMATE Hobby Saw! This band saw is compact and lightweight for maximum portability and stows easily. Ideal for the weekend warrior, hobbyist, crafter and "Do It Yourself" (DIY) types tasked with cutting wood, glass, tile, metal, plexiglass, leather and more!

Features:

- Quiet 1/8 HP motor.
- Spring-loaded tension system for easy blade installs.
- Simple-to-use blade tracking for proper alignment.
- Interior support made from rust-free aluminum.
- Casing molded from high-grade plastic.
- Ample work surface with drainage openings for better visibility while cutting.
- Intricate-cut stability with replaceable blade guides.
- Adjustable blade guide for varying material thickness.
- Large drain reduces overspray & removes debris quickly.
- Large base keeps the saw stable during use.
- Lightweight and easy to transport and store!
- Includes one diamond blade for glass, tile, stone, shell, acrylic and lexan.
- Includes a blade for wood & other dry cut products.
- 3 year warranty (excludes blades).

2000

WANT MORE? STEP UP TO A DELUXE MODEL

Precision 2000 Deluxe

In addition to the features packed into the Precision 2000 Band Saw, the Deluxe model includes:

- Variable speed rheostat.
- Recirculating water pump with large water reservoir.

2200

CUTTERS

Studio Pro™ Circle/Strip Maker

Make fast, easy and accurate straight line cuts, duplicate strips, and perfect circles with the Studio Pro™ Strip/Circle Maker. This unique dual purpose tool can be used with craft knives, marking pens, pencils, as well as glass cutters, making it an indispensable tool for hobby design, stained glass and construction.

- Non-skid pads on the circle base keep it securely in place while marking or cutting.
- Make or draw circles from 5" (12.7 cm) to 24 1/2" (63 cm) in diameter.
- Make or draw strips 5/8" (1.6 cm) to 12 1/4" (31 cm) wide.
- Includes: Strip base, circle base, 1-calibrated (SAE and Metric) brass bar, 1 turret holder and detailed instructions.

850060

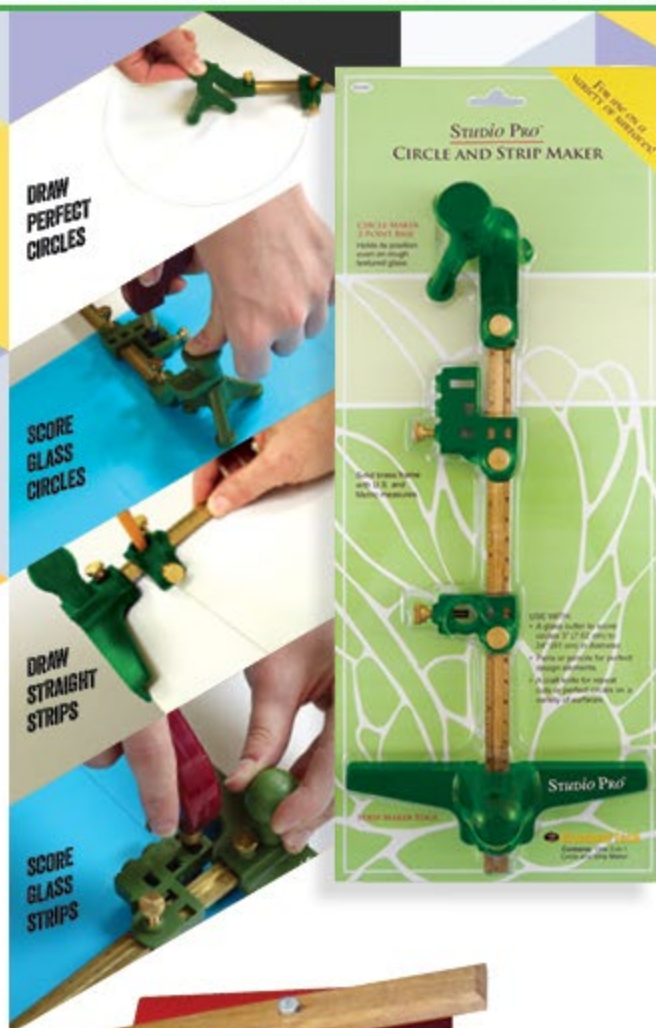

"For cutting consistent sized strips!"

"For cutting perfect circles!"

CUTTING HEAD SOLD SEPARATELY, SEE PAGE 5.

Easy-Cut™ Lead Cutter

Achieve perfect 30°, 45°, 60° and 90° angles with this lead cutting tool. Simply set desired angle of the swiveling fence, feed lead under the blade and against the length stop and depress the handle - it's so easy!

1 Year warranty (excludes blade).

503

Easy-Cut™ Lens Cutter

A perfect circle every time! Cuts precise circles from 3/8" to 5" diameter. Comes with 3-wheel cutting head for long life. Excellent for sun-catchers, holiday ornaments and medallions. Replacement cutting wheels available.

1 Year warranty (excludes blade).

369

True Colors™ Light Box

Excellent for tracing and drawing patterns on glass and comparing glass color samples. Made with a white enamel metal shell, 16" x 24" plexiglass surface and optimal color corrected lights that show the true colors of glass. Includes 2 light bulbs.

43A

**QUICK ENLARGEMENTS
UP TO 24X ORIGINAL SIZE!**

Diamond Bright™ Projector

This metal projector will take originals up to 6" x 6" in its bottom tray and reduce to 3/4 and enlarge up to 24 X original size without distortion! Requires 2 - 150 watt light bulbs (not included).

BOTTLE CUTTING Whether you "upcycle" or "recycle", creating art with re-purposed bottles is easy.

BOTTLE CUTTING

Turn old glass bottles and jars into glass sculptures, vases, lamp shades, votive holders or fashion anything you can imagine.

Generation Green (g²) Bottle Cutter

Take part in "crafting a green world" by recycling bottles and wide-mouth jars into functional art with the g² bottle cutter.

Features:

- Cuts wide-mouth jars and bottles up to 5 gallons.
- Removable glass cutter for straight cuts.
- Cut more, with 6 durable cutting blades.
- Cut with ease and comfort.
- Better cutting control, takes less pressure to make a good score.
- Made from recycled aluminum.

Includes: One bottle cutter, two 4" x 4" emery papers, tapper and instructions.

365

G2 Replacement Cutter

365200

Emery Paper

4 pc packs.

60 Grit - 365300

120 Grit - 365400

DID YOU KNOW?

FIREWORKS™

Fireworks™ offers a variety of quality hot glass tools and equipment essential for beadmaking, bracelet forming and slumping. Their durability and value set new standards for the industry.

Fireworks™ Beginner's Essentials Glass Beadmaking Kit

Open up a fascinating new world of beadmaking with Fireworks™ Beginner's Essentials Glass Beadmaking Kit. With this kit, and a few hours of practice, you'll be making your own unique glass beads in all shapes and sizes.

FW642

FREE INSTRUCTIONAL DVD INSIDE!

*MAP Pro™ gas and full length DVD sold separately.

Kit Includes:

- Quick-Light Self-Igniting Torch
- 2pc Heat Resistant Work Surface
- 15 Variety Glass Rods (104 COE)
- Fiber Blanket & Safety Glasses
- Mandrels & Rake Set
- Shaping Marver Set
- Mandrel Scrubber
- Gas Bottle Holder
- Bead Release(4oz) & Hole Cleaner
- Instruction Booklet & DVD

Quick-Light Self-Igniting Torch

Designed exclusively for Fireworks™, this unique torch has a self-igniting system for easy use.

FW875B

MAP-Pro™ Gas Bottle Holder

Attaches to the edge of any table and fastens down to hold Map-Pro™ gas bottles securely in place without slipping or scratching.

FW704

Safety Glasses

Essential for flameworking. Fireworks™ glasses will protect with comfort and style. Adjustable temples fit over most prescription glasses.

FW702

2 pc Heat Resistant Work Surface

The textured surface keeps tools in place and the 2 piece design provides ample work space (16-7/8" L X 14-1/8" W) Collapses to: 9" L x 14-1/8" W.

FW7052

Mandrels & Rake Set

Stainless steel mandrels have a low heat transfer, keeping your fingers cool while working in an open flame. Rake can be used to manipulate molten glass. Contains: 12 - 3/32" mandrels & 1 rake.

FW703

Shaping Marver Set

Roll or press your glass into these two 2" x 4" metal textured surfaces to make interesting surface patterns in your beads. Set of two texturizing marvers.

FW708

Graphite Tongs

Fireworks™ graphite tongs can assist in shaping molten glass around bracelet molds and any other hot glass shaping needs during kiln work.

FW710

Mandrel Scrubber

Textured surface helps scrub away bead release residue from the surface of the mandrel. Provides a firm grip for removing beads.

FW733

Bead Hole Cleaner

Push diamond coated brush back and forth through the hole in your bead to remove bead release residue.

FW724

Graphite Paddle

Fireworks™ graphite paddle is used to shape molten glass. The extra long handle is designed for a smooth comfortable grip. 2" x 3" paddle size.

FW725

Stainless Steel Tool Rest

Fireworks™ V-shaped design allows you to safely rest hot mandrels, glass and tools on your work surface for easy access. 7 1/2" X 1 1/2" with 10 openings to safely rest your hot tools.

FW723

Tweezer Set

When rubber tips are removed, use Fireworks™ tweezers to set in millefiori, hold hot glass or create stringers, etc. Use with rubber tips in place for wire wrapping or for a secure grip on warm glass. Sizes: 5 1/2", 7" and 10"

FW707

Fiber Blanket

Place hot beads between the layers of fiber to help gradually cool beads to prevent cracking.

FW732

Bead Release

A thick liquid coating that prevents glass from sticking to bead mandrels. Available in 4 OZ or 8 OZ

4 OZ **FW73140Z**

8 OZ **FW731**

INSTRUCTIONAL MEDIA

Mastering The Glass Bead

Anyone can create a bead using a simple torch head and the "Dichro Diva" will show you how! A beadmaking veteran, artist Karen Stavert delivers an inspiring and enthusiastic 35 minute class. Join Karen as she dispels any preconceived fears you may have about beadmaking.

DVD: **FW736DVD**

FW721

FUSING

Fuseworks™ is a line of glass fusing products designed and tested to be safe for use in your home.

IT DOESN'T
JUST FUSE GLASS

GLAZE CERAMICS

ENAMEL METAL

MOLD GLASS & MORE!

Fuseworks™ Microwave Kiln

Consists of a high composite material specially formulated to fuse glass in a microwave. 2.75" fusing platform is perfect for fusing jewelry pieces and embellishments. Works in most household microwaves, 800 watts or higher. Makes glass fusing safe, easy and economical. Kiln dimensions 3 1/4" H x 4 1/2" D. Contains kiln and instructions only.

FW849

Fuseworks™ Craft Kiln - New!

An easy to use kiln with an adjustable electronic timer that plugs right into your household outlets! Kiln allows you to fully fuse a two layer project in as little as 15 minutes! Fuse glass, enamel metal, glaze ceramics and more in this large 8.5" diameter x 3.5" deep firing chamber. Includes Kiln, stand, and instruction manual.

Features:

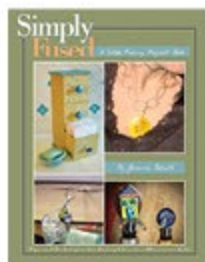

- Large firing chamber (8.5" Dia x 3.5" Deep)
- Self regulated coil heating system
- Heat resistant wooden handle
- User friendly timer
- Runs on standard household outlets

FW999

Simply Fused

This book helps you create stunning projects for your home and to wear, right in your Fuseworks™ Microwave Kiln. Simply Fused features 26 projects with easy to follow instructions, guaranteed to have even beginners creating impressive artwork. Published by Diamond Tech Crafts.

FW880

WANT MORE? GET THE KIT!

Fuseworks™ Beginner's Fusing Kit

Learn to fuse glass right in your microwave oven with this all-inclusive kit.

Kit Includes:

- Fuseworks™ Microwave Kiln
- Large & Small Jewelry Bails (Silver & Gold: 1 each)
- Silver & Gold Earring Set (1 each)
- Kiln Paper (2 pieces)
- Glass Cutter & Hot Mitts
- Assorted 90 COE Glass (7 pieces)
- Dichroic Bits & Pieces (1 oz)

CRAFTY CORNER

Powder Vibe - *New!*

A quick and mess-free way to precisely dispense frits or enamels onto any surface for enameling, fusing and lampworking projects. Just hold like you would hold a pen or pencil!

Features:

- "Easy-Touch" Speed Control
- Body style allows for use in right or left hand
- Gets 14-18 hours of use with 2 "AAA" Batteries
- Create continuous lines, dots and swirls with a press of the switch.

802000

FUSING ACCESSORIES

Hot Mitts

Wear when removing kiln from microwave. 60% cotton, 40% polyester. **Not designed to perform in high temperatures.**

FW846

Lightweight Running Pliers

Applies pressure to your glass score to help separate glass with ease.

600LWF

Glass Nipper

Quickly nips glass rods and sheets into shapes. Tungsten carbide nippers stay sharp.

492FW

Dry Wheel Glass Cutter

This cutter is engineered for cutting without oil.

FW845

Kiln Paper

Prevents the glass from sticking to the base of the kiln. The smooth surface of this paper translates to a smooth backside on fired projects. Cut to fit kiln base.

Four sheets (5 5/8 x 5 5/8")

FW847A

KILN MOLDS

Ceramic molds can be used multiple times. Coat molds with kiln wash or mold release spray before use. **FOR USE IN FLOOR AND TABLE TOP KILNS ONLY.**

STAINED GLASS!

12" Songbirds Stepping Stone Kit

They may not sing, but the Songbirds in this new stepping stone kit are silently beautiful.

Kit Includes: 12" reusable mold, 7lbs white outdoor cement, assorted glass pieces, 5pc mirror, 12" x 12" contact paper, mixing paddle, 3 patterns and instructions.

K1250

Peace, Love & Mosaics Stepping Stone Kit

Make a stepping stone using the peace sign, heart, star or flower.

Kit Includes: 8" round reusable mold, 3 lb white outdoor cement, mess-free mixing bag, 4 oz bright glass tile, alpha-numeric stamps, 4 patterns and instructions.

K1157

Bug-A-Boo Stepping Stone Kit

Craft your own garden path with an army of creepy-crawly bug-a-boo stepping stones you create yourself!

Kit Includes: 8" round reusable mold, 3 ½ lbs white cement in mess-free mixing bag, 5 oz glass bits & pieces, 2oz glass gems, 4 patterns & easy instructions.

K1175

Nautical Stepping Stone Kit

Make a sweet nautical stepping stone of a sailboat, whale, fish, or anchor with cool stained glass.

Kit Includes: 8" reusable hexagon mold, 3 lbs white outdoor cement in mess-free mixing bag, 4 oz blue stained glass, 4 patterns & easy-to-follow instructions.

K1150

Furry Friends Stepping Stone Kit

Create a custom mosaic stepping stone using the bone, dog, cat or paw print pattern and primary colored stained glass.

Kit Includes: 8" reusable round mold, 3 lb white outdoor cement, mess-free mixing bag, 5 oz primary stained glass, writing stylus, 4 patterns and instructions.

K1160

SEEING IS BELIEVING!

We proudly offer our porcelain white outdoor cement in all of our stepping stone kits. While other brands of cement dry to a muddy gray stone, our outdoor cement dries bright white allowing the color of the glass and tile to really pop! The difference is very noticeable, making our cements and kits the best for outdoor mosaic projects.

12 STARGAZING PATTERNS INSIDE!

Beachy Stepping Stone Kit

Make fun stepping stones of a palm tree, dolphin, seahorse, or starfish with bright colored stained glass.

Kit Includes: 8" reusable hexagon mold, 3 lb white outdoor cement, mess-free mixing bag, 5 oz bright stained glass, 4 patterns and instructions.

K1153

Flower Power Stepping Stone Kit

Make colorful stepping stones using one of the four fun floral designs and bright colored glass tile.

Kit Includes: 8" reusable square mold, 3 1/2 lbs white cement in mess-free mixing bag, 5 oz bright venetian glass, 2 oz mosaic dots, 4 designs & instructions.

K1158

Starry Night Stepping Stone Kit

Combine a little astronomy with a little creativity & make the coolest constellation stepping stone ever!

Kit Includes: 8" reusable mold, 3 1/2 lbs white cement in mess-free mixing bag, 4 oz glass bits & pieces, 10 stars, craft writing stick, 12 patterns & easy instructions.

K1125

Groovy Blooms Stepping Stone Kit

Create funky flower stepping stones using one of the four groovy designs included and bright colored glass tile.

Kit Includes: 8" reusable flower mold, 3 lb white outdoor cement, mess free mixing bag, 4 oz glass tile, 2 oz gems, 4 designs and instructions

MS273

GREAT FOR KIDS CRAFTS!

Clear Glass Crafting Tiles

Crystal clear and simply beautiful, these glass tiles are made from molded glass so there are no sharp edges. The bottom surface of the glass has a light, even texture which helps the image adhere to the surface. The texture magically disappears and is invisible once you apply the adhesive to your image. Tiles are mounted on clear-faced adhesive sheets to protect them during shipping and storage. Package size: 12" x 12" sheets mounted on clear contact paper. Bulk not packaged for retail.

MOLDS

Outdoor Stepping Stone Molds

Molds are made with superior strength, high quality, high gloss ABS plastic. Molds feature a 7° relief and rounded corners for better release, making stones even easier to create. Make 1 or 100+, molds are durable and reusable.

Round

8" - 111
12" - 443
14" - 106

Square

8" - 109
12" - 379
16" - 107

Hexagon

12" - 378
16" - 110

Coaster Molds

Shallow molds are great for making customized coasters, and it's as easy as 1-2-3. Use with Mosaic Stone Cement.

SO EASY!

1. PLACE CONTACT PAPER AND GLASS IN MOLD.
2. POUR CEMENT INTO MOLD.
3. POP COASTER OUT OF MOLD.

Coaster Sizes:

4 1/4" Square Coaster 104
4 1/4" Hexagon Coaster 212
4 1/4" Round Coaster 213

DID YOU KNOW?

There are two basic methods to mosaic work - the direct method and the indirect method.

Find out how to do both methods with FREE step-by-step guides in our "How-to" section in our online Creative Corner! Learn some new tricks and see which method fits your creative style at: www.diamondtechcrafts.com/howto

SURFACES

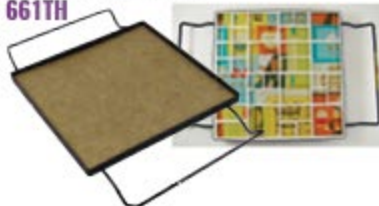

Trivet

Trivets make wonderful platforms for hot food or dishes on the dining table or in the kitchen. Trivet frames are finished in black and feature a precut MDF wood recessed base!

Crafter's Cut™ Solid Tiles

Crafter's Cut™ mosaic tiles are pre-cut irregularly shaped glass tiles that are designed for easy application and don't require any nipping. Perfect for mosaic crafters and experienced mosaic artists alike. The coloring of each tile allows light to pass through the tiles from the top and sides. Each individual tile is hand-cut by expert glass-men and carefully painted on the backside with the tile's corresponding color.

Crafter's Cut™ Gems

Crafter's Cut™ Sparkle and Crafter's Cut™ Shimmer make the perfect jewel-like embellishments for mosaic projects. The Sparkle tiles have a bubbly brilliance that catch and reflect light, making the tiles glitter and gleam as the light changes. The Shimmer tiles have a lustrous sheen and a subtle twinkle created by the texture of the paint.

Crafter's Cut™ Color Families

Crafter's Cut™ mosaic tiles are pre-cut irregularly shaped glass tiles that are designed for easy application and don't require any nipping. Perfect for mosaic crafters and experienced mosaic artists alike. The coloring of each tile allows light to pass through the tiles from the top and sides. We've created tonal color families and harmonious assortments of the Crafter's Cut™ Solids, Sparkle, Shimmer, and Mirror Tiles. These color families make it easier for new mosaic crafters and artists to get started with pre-organized colors. Crafter's Cut™ tiles range in size between 3/4" and 3/8".

Crafter's Cut™ Crystal Angles

Luminous colors and triangular shapes are a spectacular addition to any mosaic masterpiece. Each tile, created by an expert craftsman, is designed for an easy nip-free application. Use the tiles to design an entire work of art using their distinctively angular shape or as an eye catching accent piece. They are waterproof and usable indoors and outdoors.

Pebbles

Our Pebble tiles are uniquely beautiful. Each mix comes in a variety of different shades, textures and finishes that are designed for easy application and don't require any nipping. The coloring of each pebble allows light to pass through the tiles from the top and sides making them perfect for mosaics, jewelry, stepping stones and more. Our Pebbles range from about 3/4" - 1 1/4" wide and are approximately 1/4" thick with a flat back.

Mirror & Gold Tiles

Mirror Tiles can be incorporated into a colorful mosaic as an accent or simply used on their own. They are the same thickness as our vitreous mosaic tile allowing for a level mosaic surface when used together. Gold tiles are glass square-shaped hand-cut tiles backed with real gold leaf.

Metallic Tiles

The metallic tile series is known for its unique variations of color striations within each tile. The swirls and streaks make each individual tile unique while adding depth and luminosity to mosaic projects. Metallic tiles are designed for easy nipping, shaping and cutting. They are waterproof and usable indoors or outdoors. Actual tile colors may vary slightly from colors shown due to different production batches.

Classic Tiles

Our mosaic tiles are cast from colored vitreous in the centuries-old tradition of master glass makers. Vitreous tiles never fade and will last nearly forever. The glass is fired in high-temperature kilns using the finest of raw materials

resulting in tiles that are semi-transparent and light reflective. This gives our tile a special luminous quality with rich color-depth. Designed for safe and easy cutting, nipping, and shaping, our tiles can be applied to any reasonably smooth surface and are waterproof and usable indoors or outdoors. These tiles are shiny smooth on the front side and textured on the back for better adhesive grip. The edges are miter-beveled for making clean right-angle corners. Actual tile colors may vary slightly from colors shown due to different production batches.

Color Families

Color Families have been specially chosen and organized for color harmony and contrast. These groupings make it easy for the entry-level mosaic artist to get started, while providing the experienced artist with pre-organized colors to simply begin their mosaic masterpiece. They offer the flexibility of adding a few new colors to a project without having to purchase a package of each color.

Grout, Adhesive, & Sealer

Premixed grout is latex-fortified, non-sanded and intended for indoor projects. It is easy to apply and clean up, and requires no preparation. Premixed grout is ideal for grout lines that are no wider than 1/8 in thick. One 8-ounce container will cover approximately 2 square feet.

Premixed Grout 8oz
White: GRT-8

Tools & Accessories

Our tools are specially designed to be used with our various tile offerings. The cutting blades are of the highest quality tungsten-carbide steel and will hold their sharp edge for a long time. When the nippers are squeezed closed, they stop with a 1/16" gap at the blade so the glass tile will have a clean break and not shatter. The body of the tools are drop-forged for maximum hardness, ensuring a strong, durable, long-lasting tool. The hand grips are dipped in long-life rubber, creating a soft, comfortable feel. All of our accessories are of the highest quality, created to provide you with protection and assist you in your mosaic creation process.

CLASS PACKS

Whether you're a team leader, instructor, or teacher anyone working with a group are often challenged to find fun art glass projects that are affordable. In response to this, we have bundled several of our kits and product lines into economical and convenient bundles. Stock up on classroom art supplies your students or group will need with our wide variety of class packs.

Heart Suncatcher Class Pack

Students will learn the basics of stained glass construction including glass cutting, assembly, soldering and finishing. They will explore the importance of color and light, as sunlight will change the color of the glass and create a rainbow refractory through the bevel.

Grade Level: Junior High & High School
Makes: 9

Contains: 2 PKGS (10 pieces) 1 1/2" square bevels, 1 - 12" x 12" sheet ruby cathedral stained glass, 7/32" silver lined foil, lead free solder, safety flux, jump rings, lesson plan and instructions.

CP0159

Mission Frame Class Pack

Hand-craft a stained glass picture frame using the same technique used in Tiffany lamps. Kit contains real stained glass and basic instruction for the copper foiling technique.

Grade Level: Junior High and High School
Makes: N/A

Contains: 6 - 12" x 12" sheets of stained glass, 10 flux brushes, 50/50 solder, 7/32" black Line foil, 2 OZ flux, 14 gauge wire and instructions.

CP106

Sunburst Suncatcher Class Pack

No cutting needed for this foil and solder stained glass project. Students simply foil the pre-cut pieces of glass, solder and attach the chain to create a colorful sunburst suncatcher.

Grade Level: High School
Makes: 10

Contains: 10 Precut stained glass sunbursts, 2- 2 OZ flux paste, 10 flux brushes, 1 roll 7/32" copper foil, 2- 1 LB spools of 60/40 solder, 20 jump rings, curb chain, lesson plan and instructions.

CP523

Dichroic Jewelry Kit

Everything you need to create 10 dichroic pendants. Versatile kit offers an amazing variety of design options. Includes 90 COE glass and step-by-step floor kiln instructions.

Grade Level: Junior High and High School
Makes: 10 Pendants

Contains: Studio Pro™ Lightweight Running Pliers, Fireworks™ Bead Hole Cleaner, Studio Pro™ Steel Wheel Glass Cutter, kiln paper, 90 COE glass assortment (includes dichroic glass) and instructions.

698

Glass Fusing Assortment

A wonderfully convenient way to build a fusible color palette! Ideal for the beginner, for experimentation or jewelry projects. 90 COE.

Grade Level: Junior High and High School
Makes: N/A

Contains: 14 - 4" x 4" pieces of fusible sheet glass: 3 white, 3 clear, and 8 assorted colors, 2 OZ assorted frits, 1 OZ dichroic scrap, 1/2 OZ assorted millefiori, 2 OZ stringers (5-1/2" long), 2 OZ assorted confetti mix and 18" square of 1/16" fiber paper.

CP105

Beadmaking Kit Class Pack

Flameworking is an amazing art in which glass beads are shaped directly in a flame. One of our best selling class packs, it has everything students will need to begin making their own gorgeous glass beads. Flamework beads are made using 104 COE glass rods which are warmed then shaped in the flame on a mandrel. This kit opens up a fascinating and ancient art form to students (This class pack was designed for students to work in teams of two for a total of 10 student activities).

Grade Level: High School
Makes: N/A

Contains: 5 torch heads, 3 - 12pc mandrel sets, 3 - 8 OZ bead release, 5 fiber blankets, 5 - 2pc shaping marvers, 5 mandrel scrubbers, 5 gas tank holders, 5 heat resistant work surfaces, 3 - 15 pc 104 COE glass rod set and 10 instruction booklets.

CP63210

4" Metal Coaster Class Pack

Authentic stained glass shapes provide beautiful color making each coaster unique. This mosaic coaster class pack is made using an aluminum base, so coasters are sturdy and strong. Raised metal sides prevents the grout chipping around the coaster edge. Students will be able to flex their creative muscle and create unique designs to their liking!

Grade Level: Elementary Grades 5-6, Junior High, High School
Makes: 12
Contains: 12 - 4" metal coasters, 2 LB bone grout, 1.25 LB of glass wiggles, 1.3 LB of 3/8" glass gems and instructions.
K10444

K42712

Mosaic Element Class Pack

Supplies for 6 students or groups.

Contains: 6 - 1 Mixing bucket, 6 - measuring cups, 6 measuring spoons, 6 sponges, 6 large spreaders, 6 small spreaders, 6 pairs of safety glasses, 6 mixing paddles, 12 wide kraft sticks, 12 narrow craft sticks and instructions.

CP15856

Design A Necklace Class Pack

Students design their own images and adhere them to the back of crystal clear glass tiles for a one-of-a-kind necklace. Safe for younger students, tiles are made from molded glass so they have no sharp edges. The bottom surface of the glass has a light even texture which helps the image adhere to the surface. The texture magically disappears and is invisible once you apply the adhesive to your image.

Grade Level: Elementary, Junior and High School
Makes: 10 Necklaces

Contains: 10 - 1" clear crafting squares, 10 silver plated bails, 10 ball chain with connectors, lesson plan and instructions.

CP52411
