CRAFTER'S CUT™ CRYSTAL ANGLES

CRAFTER'S CUT™ CRYSTAL ANGLES luminous colors and triangular shapes are a spectacular addition to any mosaic masterpiece. Each tile, created by an expert craftsman, is designed for an easy nip-free application. Use the tiles to design an entire work of art using their distinctively angular shape or as eye catching accent pieces. They are waterproof and useable indoors or outdoors.

CRAFTER'S CUT™ COLOR FAMILIES

CRAFTER'S CUT™ mosaic tiles are pre-cut irregularly shaped glass tiles that are designed for easy application and don't require any nipping. Perfect for mosaic crafters and experienced mosaic artists alike, the coloring of each tile allows light to pass through the tiles from the top and sides. We've assembled color families and harmonious assortments that include Crafter's Cut™ Solids, Sparkle, Shimmer and Mirror Tiles. These color families make it easier for new mosaic crafters and artists to get started with pre-organized colors. Crafter's Cut™ tiles range in size between 3/4" and 3/8".

PRE-CUT GLASS TILE

Actual Tile Size Varies
From 3/8" to 3/4"

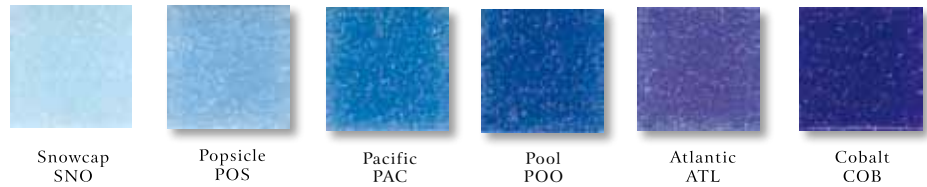

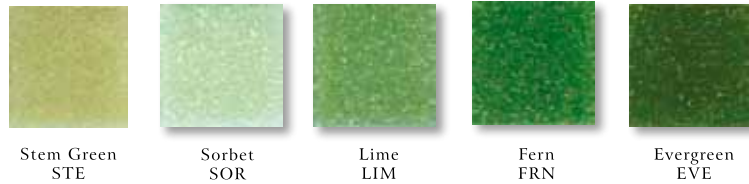

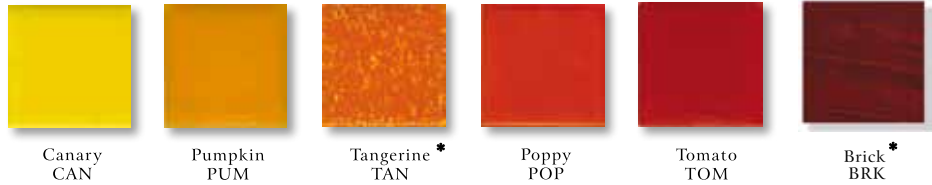

CRAFTER'S CUT™ SPARKLE, SHIMMER & MIRRORS

CRAFTER'S CUT™ SPARKLE and **CRAFTER'S CUT™ SHIMMER** make the perfect jewel-like embellishments for mosaic projects. The Sparkle tiles have a bubbly brilliance, which catches and reflects light, causing the tiles to glitter and gleam as the light changes. The Shimmer tiles have a lustrous sheen and a subtle twinkle created by the slightly irregular texture of the paint. **CRAFTER'S CUT™ MIRRORS** come in pre-cut irregularly shaped pieces that don't require any nipping and can be applied as an accent or simply used on their own.

MOSAIC GLASS TILE

Our **MOSAIC GLASS TILES** are cast from colored vitreous glass in the centuries-old tradition of master glassmakers. Vitreous glass tiles will last nearly forever - their rich colors never fading. They are waterproof and useable indoors or outdoors. The glass is fired in high-temperature kilns using the finest of raw materials resulting in mosaic tiles that are semi-transparent and light reflective. This gives our tile a special luminous quality with rich color-depth and consistency. Designed for easy cutting, nipping and shaping, our tiles can be applied to any reasonably smooth surface. These tiles are shiny smooth on the front side and textured on the back for better adhesive grip. The edges are miter-beveled for making clean right angle corners. These vitreous glass tiles are available in 3/4" and 3/8" (mini) sizes.

*Indicates only available in 3/4" tile

METALLIC GLASS TILE

The **METALLIC TILE** series is known for its unique color striations within each tile. The swirls and streaks make each individual tile unique while adding depth and luminosity to mosaic projects. Metallic tiles are designed for easy nipping, shaping and cutting. They are waterproof and useable indoors or outdoors. Metallic tiles are available in 3/4" and 3/8" (mini) sizes.

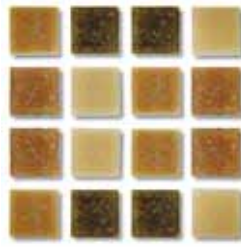

*Indicates only available in 3/4" tile

GLASS TILE COLOR FAMILIES

COLOR FAMILIES have been specifically chosen, and organized for color harmony, and contrast. These groupings make it easy for the entry-level mosaic artist to get started, while providing the experienced artist with pre-organized colors to simply begin their mosaic masterpiece. **ASSORTED MIXES** are available in Solid Colors and Metallic Colors. These assortments of Colors and Metallics provide a wide variety of possibilities while offering the flexibility of adding a few needed colors to any project without having to purchase each color separately. Color Families and Assorted Color Mixes are available in 3/4" and 3/8" (mini) sizes.

SPECIALTY ITEMS

MIRRORS, RIVER ROCKS & PEBBLES

MIRROR TILES can be incorporated into a colorful mosaic as an accent or simply used on their own. They are the same thickness as our classic glass tile allowing for a level mosaic surface when used together. **PEBBLES AND RIVER ROCKS** can be used to create pebble mosaics, fountains, indoor gardens, and many other unique projects. These richly colored pebbles have been naturally rounded and smoothed by years of tumbling in rivers and oceans.

GROUT, ADHESIVE & SEALER

PREMIXED GROUT is latex-fortified, non-sanded, and intended for indoor projects. It's easy to apply and clean up, and requires no preparation. Premixed Grout is ideal for grout lines that are no wider than 1/8". **SANDED GROUT** is a construction-quality cement product that can be used in both indoor, and outdoor applications. It can be used for grout lines of any size, and is available in 6 colors. **MOSAIC TILE ADHESIVE** is a water-based adhesive that dries clear. It is specifically designed for mosaics with a long open time, allowing users more time to move pieces around before the adhesive sets. Mosaic Tile Adhesive may be used on wood, metal, plastic, glass, masonry, and other surfaces. **MOSAIC GROUT SEALER** protects tile grout from water, dirt, food and discoloration. It dries to a transparent, non-yellowing finish, and is easy to apply. Recommended for indoor use only.

NIPPING TOOLS

Basic Nipper
BASIC

5/8" Tungsten-carbide tipped blades are offset for easy nipping of mosaic glass tile.

Chipper Nipper
CHIP

Nibble tile into shape with this tool's scissor-style Tungsten-carbide tip blades.

TOOLS & ACCESSORIES

TOOLS SPECIALLY DESIGNED FOR MOSAIC TILES

Our **TOOLS** are specially designed to be used with our various tile offerings. The cutting blades are of the highest quality tungsten-carbide steel and will hold their sharp edge for a long time. When the nippers are squeezed closed, they stop with a 1/16" gap at the blade so the glass tile will have a clean break and not shatter. The body of the tools are drop-forged for maximum hardness, ensuring a strong, durable, long-lasting tool. The hand grips are dipped in long-life rubber, creating a soft, comfortable feel. All of our **ACCESSORIES** are of the highest quality, created to provide you with protection and assist you in your mosaic creation process.

STARTER KIT & PACKAGING

Mosaic Mercantile, founded in 1997, is the premier wholesale source for artist quality mosaic supplies in the US. Catering to art, craft and hobby retailers, we are dedicated to increasing the knowledge of and championing mosaic as a popular art form. Mosaic Mercantile believes in the adage: "Think Globally, Act Locally." We import artist-quality mosaic tesserae, then package and assemble at our non-profit vocational service facilities in San Francisco. Here, hundreds of people with disabilities are trained and employed, allowing them to lead more autonomous lives.
